

Memories of Our Wedding Day

JOURNALING PROMPTS

How did you feel when you woke up on your wedding day?

Who did you get ready with?

How did it feel to put your dress on?

What exactly were you thinking as you walked up for the first look?

How did your partner's face look the first time they saw you on your wedding day?

Think about what it was like to walk down the aisle.

Were there any vows that stood out to you?

Did you enjoy dinner?

What about dessert?

How were the speeches, and did anyone surprise you with theirs?

Did you have any memorable interactions with family members or friends?

Think about what it was like to be surrounded by the most important people in your life.

Did anything happen that you could look back on and laugh about?

Was there anything that gave you butterflies on the wedding day?

What gave you goosebumps?

How did you feel as you made your grand exit?
